

Will Your Retirement Savings Be There for You?

Please join us for an informative event.

With each year, more baby boomers turn age 65 and face a retirement that may last 30 years or longer. But many of these new retirees will have to provide their own retirement income as fewer retirees have a traditional pension plan they can depend on as a source of income.

In this seminar on Annuity Basics, you'll learn:

- What an annuity is and how it can provide you with supplemental retirement income beyond traditional retirement sources such as IRAs and 401(k)s
- The key features of immediate vs. deferred annuities and fixed vs. variable annuities
- How to put money into and take money out of an annuity
- The different types of payout options and factors affecting payouts

You'll also receive a free workbook created just for this presentation. The workbook contains key information, worksheets, and questions to help you remember important points from the seminar.

When & Where

Event Location:
123 Main Street or Zoom link
Wednesday, March 3, 2021
10:40 AM to 12:40 PM

R.S.V.P.
