Tips to Enhance Your Profile and Improve Search Engine Optimization

- Utilize a header image that emphasizes your brand, the region, a personal interest, or the building where your office is located. You can also incorporate your logo and your slogan.
- **2.** Use a professionally taken **headshot**.
- Your professional name, DBA name, title and designations.
- Create a customized URL under "Settings".
- **5.** Write a niche oriented **headline** using key industry terms.
- 6. About Section (Details About You)
 - Provide a more in-depth description of who you are and what you do.
 - Include the skills, accomplishments, and specialties that make you unique.
 - Show results give specific examples of how you've helped clients.
 - Add a personal element explain why you are passionate about your career.
 - Call to action end your summary by inviting people to connect with you.

7. About Section (Privacy & Legal)

- Required Disclosure - place your LPL-approved disclosure along with the required social media disclosure under "Add Impressium".

8. Video Section

 Video is a powerful marketing tool that will help you stand out amongst your competitors as a thought leader. Video has become a favored marketing tool because of its potential to explain everything in a format that users prefer - visually. Showcase your personality and increase engagement through posting videos to your feed. All videos will automatically be saved under this tab for easy reference.
